ANNUAL REPORT

REPORT OF THE SELECTMEN

The time has arrived for the Selectmen of Jaffrey to make an accounting of their stewardship of the Town of Jaffrey for the year ending December 31, 1975.

Budget. As most of you are well aware, last year was one of the most difficult economic conditions we all faced for some time. As a result, your Budget Committee proposed an extremely restrictive budget consisting of an increase of 5% above the previous year's budget, this small increase in the face of the double digit inflation. Because of this, we had a monthly recapitulation of all department accounts. Even with all this accountability, we still could not avoid overdrafting some accounts; however, the local impact was only 1.3% over the projected budget.

This year, and in future years, each department head will be required to have a much more detailed budget structure, and in this way we will have a more realistic projection for our fiscal needs.

Town Recreation. At the last Town Meeting, an appropriation of \$6,000.00 was made for the improvement of the skating rink at Humiston Field. Throughout the Summer and Fall, many volunteers, and local civic organizations, under the direction of Philip A. Tremblay, did an outstanding job developing, not only a much larger rink, but also re-established a play area with new equipment and completely enclosed the park with a chain-link fence. In the final report presented to us by Mr. Tremblay, he stated the total cost of the work done this year was approximately \$5,200.00, but, if it were not for all the voluntary help and contributions made by various organizations, the cost figure for what was accomplished would have been closer to \$26,000.00. This proves again that community spirit is by far a town's most important asset.

Jaffrey Landfill. As of July 1, 1975, the Town of Jaffrey changed its former Dump operation to a Sanitary Landfill. Because of the tight budget, and because the Town of Rindge voted not to participate with us last year, a large over-run was anticipated. For these reasons, your Selectmen had to take drastic action to reduce the open hours of the facility.

We knew that this action would cause inconvenience to some people, but we felt our fiscal responsibility demanded this action. Now, as of the first of the year, the hours have been extended and we felt we have a workable arrangement at this time.

Police Communications. An article in last year's warrant to appropriate \$1,500.00 to improve police communications was passed with the idea to place a telephone link directly to our cruisers and keep the link private with the aid of "scrambled devices". Further study proved this system to be more costly than our original estimates, so an alternative was accomplished. This consisted of a telephone link with the Cheshire County Police Dispatcher.

This link allows the two officers on duty to do their regular patrol and yet have instant communication with any

ANNUAL REPORT

Report of Selectmen: (Cont'd)

incoming telephone call. With the remaining balance, monitors were purchased for the Chief and every regular officer. The advantage of these units is obvious.

Re-evaluation. The Town of Jaffrey is in the process of completing a re-evaluation. The last re-evaluation took place ten years ago and since then the town has undergone much change. Your Selectmen are confident that this reevaluation will produce a much more equitable base to generate the necessary revenue to properly administer the business of the town.

At this time, we, the Board of Selectmen of Jaffrey, wish to take this opportunity to express our sincere appreciation for all the cooperation, criticism, both favorable and unfavorable, and all assistance given us in the discharge of our duties.

Respectfully submitted,

HOWARD O. WILLIAMS
ALFRED J. CHRISTIAN

PHILIP D. ST. PIERRE

Town Clerk, Jaffrey, N.H.

ANNUAL REPORT

ABSTRACT OF SPECIAL ELECTION

September 16, 1975

A special Election was held on Tuesday, September 16, 1975 at Pratt Auditorium, Conant High School in the Town of Jaffrey, N.H. Homer J. Forcier, Moderator, conducted the meeting.

1. For filling the vacancy to the office of United States Senator from the State of New Hampshire in accordance with the provisions RSA 39:2.

Results: John A. Durkin (D) - 643
 Louis C. Wyman (R) - 626

2. Are you in favor of the town participating in the National Flood Insurance Program through the adoption of the following resolution: (By Ballot)

"Whereas, the Town of Jaffrey has adopted and is enforcing a Land Use Plan, Zoning Ordinances, A Wetland Conservation District and Rules and Regulations to Control Sub-Division, and Whereas; Sections II, VIII, 0, VII respectively, of the afore-said prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Board of Selectmen and the Planning Board, and Whereas, the Board of Selectmen and the Planning Board must examine all plans and specifications for the proposed construction when application is made to them for a building permit. Now Therefore, Be it Resolved by the Inhabitants of the Town of Jaffrey at a special Town Meeting as follows:

1. That the Selectmen of the Town of Jaffrey shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage; and
2. That the Planning Board shall review sub-division proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and
3. That the Board of Selectmen shall require new or replacement water supply systems and/or sanitary sewage systems to be

ANNUAL REPORT

designed to minimize infiltration of flood waters into the systems and discharge from the systems into flood waters; and require on-site waste disposal systems to be located so as to avoid imparement of them or contamination from them during flooding."

Resolution - ADOPTED (YES - 795 NO - 340 BLANK - 118)

The meeting was adjourned at 7:30 P.M.

PAUL J. ST. PIERRE,
Dog Constable, Jaffrey, NH

The proposed Animal Control Ordinance which will be appearing on the ballot for the 1976 Town Meeting is printed on the following pages:

ANNUAL REPORT

ANIMAL CONTROL ORDINANCE

SECTION 1. RESTRAINT OF DOGS. No person shall permit their dog to run at large at any time within the Town of Jaffrey. A dog is at large within the meaning of this Ordinance if it is not controlled by a leash or is not "at heel" beside a competent person or is not obedient to that person's command, or is not within a vehicle, or is not on the property of its owner or keeper. This Ordinance shall not apply to dogs in use with their owners or keepers during lawful hunting.

SECTION 2. BATHING AND PLAYGROUND AREAS. It shall be unlawful for any animal or reptile to be on land owned and/or used by the Town of Jaffrey or any of its departments for bathing or playground purposes. The bathing and playground areas are hereby defined and described as the public beaches at Contoocook Lake, Gilmore Pond and Thorndike Pond and the playground at Humiston Field. Exceptions may be granted by an appropriate Town Official.

SECTION 3. NUISANCE. No dog shall be permitted whether or not leashed or restrained, to be a nuisance, a menace, or vicious to persons or property or to other animals.

A dog is adjudged to be a nuisance:

- a) if it barks continuously for sustained periods of time;
- b) if it barks during the night hours so as to disturb the peace and quiet of a neighborhood or area;
- c) if it turns over garbage cans, waste containers or otherwise causes waste or garbage to be scattered on property other than its owner's;
- d) if it runs after or chases bicycles, motor vehicles, motorcycles or other vehicles being driven, pulled or pushed on the streets, highways or public ways;
- e) if it barks, growls, snaps at, bites, runs after or chases any person or persons;
- f) if it runs in a pack with other dogs;
- g) if it runs after, chases, or preys on game animals, domestic animals, fowl or human beings;
- h) if it digs or scratches in gardens or around cultivated areas, so as to uproot, damage or destroy the growing plants, shrubs, or trees on any property other than its owner's;
- i) if, while in heat, is unconfined (confinement shall mean within an enclosed building not accessible to any other dog.)

SECTION 4. SEEING-EYE DOGS. This Ordinance shall not apply to "Seeing-Eye" dogs, so-called.

ANIMAL CONTROL ORDINANCE [Continued]:

SECTION 5. PENALTY; DEFINITIONS; OWNER PRESUMED RESPONSIBLE; OTHER LAWS.

For the first violation of this Ordinance, the owner or person in control of the dog shall be warned; for the second and other violations a complaint filed in the Jaffrey District Court. The penalty for violation of this Ordinance shall be ten dollars (\$10.00). The owner/keeper of the dog shall be presumed to be responsible for its conduct in the absence of proof to the contrary. This Ordinance shall in no way supersede the New Hampshire Revised Statutes Annotated or any other laws or ordinances relating to dogs, other animals or reptiles. In the event of conflict, the more stringent restriction shall prevail.

ANNUAL REPORT

REPORT OF COMMITTEE TO STUDY TOWN MANAGER FORM OF MUNICIPAL ADMINISTRATION.

REPORT OF COMMITTEE appointed by the Selectmen of Jaffrey in November 1976 to report for their information upon the Town Manager form of municipal administration. Members of the Committee: J. Oren Belletete, Jean M. Boutwell, Homer J. Forcier, Margiorina Gauthier, Coburn Kidd (Chairman), Alfred P. Sawyer and Roy G. Stone.

Summary of Findings.

Expressions of local sentiment. A number of Jaffrey citizens gave members of the committee the benefit of their views, which were received with appreciation and were given attentive consideration. A substantial body of opinion favors no change in the existing system, on the grounds that it has been adequate in the past and can be expected to be so in future. If anything is wrong with it, the Selectmen should be changes, not the system. It is the least expensive. It draws upon the spirit of voluntary public service, which is a valuable asset of the town. An equally substantial body of opinion favors the idea of a Town Manager, on the grounds that municipal services which were simple and inexpensive a few years ago now represent such a substantial investment that it would be worth while to employ a full time administrator. In a total budget of \$563,250 the 1975 figures for highway construction and maintenance, and maintenance of equipment, were \$111,000; for police, \$91,000.

The Town Manager System and alternatives. The origin of the town manager system was in the period of rapid urban growth in the first decades of the century. It was thought that it would be an improvement if municipal administration were organized on the model of a business corporation, with a board of directors for policy, and a non-political, professional manager for day to day administration. The Town Manager system has been widely adopted across the country, and in New England, especially in Maine. In New Hampshire 22 towns, including Concord, Keene, Claremont, Newport, Hanover, Conway, and others, have Town Managers; 5 towns have Administrative Assistants; and Peterborough has a full time, professional Director of Public Works.

The Town Manager form is governed by statute (RSA 37); the Administrative Assistant position, by contract. The latter can be tailored to a specific problem, with greater flexibility retained by the Selectmen. Salaries would be about the same, depending on the size of the community and the amount of experience required.

The New Hampshire statute (RSA 37). The Town Manager system can be adopted only by written ballot, in the prescribed form, at the Town Meeting. If approved, the Selectmen choose a candidate on the basis of education, training, and experience without reference to political belief. The Manager remains throughout subject to the supervision and control of the Selectmen, and may be removed for cause. In practice, this amounts to employment terminable at the pleasure of the Selectmen or according to the notice stipulated

Report of Town Manager Study Committee (Cont'd)

contract. Under the Selectmen, a Town Manager's authority extends more or less "across the board", including management of the water works, public buildings, highways, purchase of supplies, police and fire departments, sewer system, lighting parks and playgrounds, cemeteries, and the negotiation of contracts. In those fields the Manager may organize or reorganize departments as the Selectmen determine, hire and fire, keep detailed records for the Selectmen, including a monthly report of receipts and expenditures, prepare budget materials, administer the poor relief directly or through a person appointed by him, and perform such other duties as are required by the Selectmen.

The authority of the Town Manager does not extend to warning meetings, making by-laws, borrowing money, assessing or collecting taxes (unless by decision of Town Meeting), granting licenses, laying out highways, assessing damages, exercising judicial functions, or supervision of the Town Clerk or Town Treasurer.

Experience of other towns. Members of the committee had interviews with citizens of six towns, roughly comparable in size to Jaffrey, to enquire how they viewed the Town Manager System. It was thought they would know "where the shoe pinched". The towns, Newport, Conway, Meredith, Lancaster, Wolfeboro, and Gorham. In addition three towns were visited that had Administrative Assistants or a Director of Public Works: Merrimack, Gilford, and Peterborough. In each case local townsmen were asked what they thought of the system; whether they would willingly go back to the old system; what features about the Manager system impressed them most; whether a professionally trained outsider or a good local man seemed preferable; what caveats occurred to them.

Out of 51 persons to whom the question was put, 49 said the Town Manager system worked well and they would not go back to the old system. Two persons preferred the old.

What struck ordinary citizens and users of town services was the greater accessibility of the Town Manager and his availability five days a week. The main thing to present and past Selectmen was that they were busy persons with their own businesses, and did not have the time to devote to administrative details as well as policy. From the viewpoint of the Budget Committee the Manager system appeared to be more business-like and efficient. Many considered it more economical, from the savings effected by uniform planning and purchasing. Specifically queried on this point, a long-time Selectman said "it won't lower the budget, but the town gets more out of what it spends."

Members of the committee who visited the three towns having an Administrative Assistant or Director of Public Works found a preference expressed for the arrangement adopted rather than for the Town Manager system.

The caveats expressed were on the importance of finding the right person for the job; the necessity of the cooperation and support of the Selectmen; the assets which a good local man may bring to the position over an outsider; and the importance of the job description.

ANNUAL REPORT

Report of Town Manager Study Committee (Cont'd)

The options. [1] If there is no particular dissatisfaction with existing arrangements, things might left as they are.

[2] If the transition to a Town Manager system is considered timely, this would require an article in the arrant stating the question as prescribed by statute [RSA 37:15], and would be voted upon simultaneously with the balloting for town officers. There would be no opportunity for discussion unless public hearings were held in advance of Town Meeting.

[3] If, short of the Town Manager System, some form of Administrative Assistant or professional Director of Public Works were considered desirable, authority for the latter would appear to be at hand in the article adopted at Town Meeting in 1972. That article authorized the Selectmen to appoint a Public Works Superintendent and "to take necessary action to develop the Public Works Superintendent Concept." An analogous article would be appropriate for creation of an Administrative Assistant position with executive responsibilities as distinct from merely clerical.

ANNUAL REPORT

REPORT OF THE PLANNING BOARD

TO: The Honorable Board of Selectmen,
Jaffrey, New Hampshire

At the March 1957 Annual Town Meeting, the majority of the voters accepted the enactment of a "Land Use Plan" and a "Wetlands Ordinance". The Town of Jaffrey was divided up into five districts: Rural, Residence A, Residence B, General Business and Industrial.

A proposed 200 dwelling unit development resulted in several public hearings attended by a large number of abutters, and meetings were held with the Board of Adjustment, the Selectmen and the Assistant Town Counsel. The developers attempted to show that substantial construction had commenced prior to the enactment of the "Land Use Plan". It was decided on April 28, 1975 that a non-conforming use does not exist.

In addition, twenty four (24) applications for subdivisions were approved, and two applications for Discretionary Easements were approved. Four changes and additions to the Land Use Plan were approved.

The Planning Board accepted with regrets the resignation of Francis X. Quinlan as a Board Member. Atty. Quinlan left the Board to accept the position of Jaffrey Town Counsel. Mr. Quinlan was replaced on the Board by Daniel T. Griffin.

The Planning Board continues to hold regular monthly meetings on the second Monday of each month at 8:00 P.M. at the Courtroom in the Jaffrey Town Office Building.

Respectfully submitted,

Jaffrey Planning Board

JAFFREY CONSERVATION COMMISSION

Jaffrey, New Hampshire

December 31, 1975

Honorable Board of Selectmen,
Jaffrey, New Hampshire

The Jaffrey Conservation Commission submits its report for the year ending December 31, 1975.

Since the acceptance of the Wetlands Ordinance by the voters in March, our efforts have been many and diversified.

The Commission has been successful in bringing to the public the importance of the State "Dredge and Fill" laws. The people of Jaffrey have been complying with the laws very well. This has kept the Commission busy reviewing the many applications. We also acted in an advisory capacity to

ANNUAL REPORT

Report of Jaffrey Conservation Commission (Cont'd)

the Board of Selectmen in gathering and presenting information relative to the Federal Flood Insurance Program. This program was accepted by the voters of Jaffrey at the special election held in September 1975.

Early in the Spring the Commission enlisted the aid of the U.S. Department of Agriculture in inspecting and assisting in the development of a master plan for Carey Park. Through the efforts of the Wildlife Propagation Association, Inc., we also have requested ideas and suggestions from the Game Biologists at the N.H. Fish and Game Department in Concord.

The Commission gratefully accepts the yearly contribution of the Lake Contoocook Area Preservation Association for the maintenance and repair of Red Dam. Mr. J. J. Milano, of the New England Division, Corps of Engineers, Waltham, Mass., inspected the dam and advised the Commission as to his findings.

The Commission has assisted the Jaffrey Bicentennial Commission in developing a lasting Revolutionary War monument for the town. Thanks to the generosity of Mrs. Edith Forbe and the combined efforts of the two commissions, Soldier's Rock on the Mountain Road, is now a permanent reminder of those who died in the American Revolution.

The Commission has cooperated with the Jaffrey Middle School students and staff in their Carey Park Project, "Look to the Mountain". The abandoned town road into the park has been reopened and the culvert replaced. This is just the beginning of work that will bring more use and enjoyment of this town recreation area.

The Commission wishes to thank the Selectmen for their cooperation during the past year. Special thanks goes to those who have volunteered their time and efforts in helping with our various projects. Because of them, our budget is a rock bottom expense for the town.

Respectfully submitted,

/s/ Randyl P. Cournoyer, Jr., Chairman
Jaffrey Conservation Commission

REPORT OF THE TRUSTEES OF JAFFREY PUBLIC LIBRARY

For the year ending
December 31, 1975

During 1975, the library has been open for a greater number of hours, 36½ during each week, and it is hoped to extend these hours to a regular daily pattern when funding is available. Children's services have been extended, and the successful children's Summer Program run by Mrs. William Schofield, has continued during the Fall. Arrangements are being made for the Summer Program to be continued in 1976, and Children's monthly film programs are being organized in cooperation with the Civic Center. 84 children took

ANNUAL REPORT

Report of Jaffrey Public Library Trustees (Cont'd):

part in the Summer Reading Program; the model of the horse ride being kindly supplied by Patricia Packard, the Nelson Librarian.

During the year, new equipment bought, consisted of three (3) book trolleys, a typewriter, some shelving for the basement, a book-return, and in January 1976, a larger copier was ordered. Four (4) more pictures were sent for renovation in December, and three (3) were completed earlier in the year. In December, repairs became necessary to the roof, and the Town will be asked for \$500.00 to complete these.

Plans for the renovation of the Library were drawn up during the year, and work began in the Fall. Storm windows have been put on all windows, and plumbing work has started in the basement. The whole area will be sealed, painted and tiled, a de-humidifier installed, and a new rest-room and janitor's room with a sink and closets for equipment added. The basement area will have shelving around the walls for storage of books and magazines, seating arrangements for individual study, and space for displays. This work should be finished in the Spring.

Future plans for the second floor to be renovated. It is proposed to block off the end of the hallway to make an office/Trustees room, which will ease congestion on the first floor. The rest of the hall is to be divided up into a study and display area for children and teen-agers, with the children's room located upstairs, with new furniture, shelving and carpeting. Further plans include the addition of multi-media equipment in the present Trustees' room, carpeting on the stairs, the installation of safety doors throughout the building.

The final renovation will be to the first floor and will include the addition of a kitchenette in the present office, painting of the whole area, and the alteration of the present children's room as a young adult reading room.

The estimated projected cost figure for the complete remodeling of the public library will be \$33,690.00, which will be paid from fund from the Wetherell Trust Fund.

Respectfully submitted,

ANNUAL REPORT

REPORT OF THE JAFFREY RECREATION COMMITTEE - 1975

As Town Meeting for 1976 fast approaches we cannot help but reflect on the year's past events that lay within the scope of our responsibilities and wonder how much more could be done?

Sure, there were over 150 participants in swim classes and water activities, water skiing and canoeing, an early winter life saving program at the Bible Conference Pool. And ... A Red Sox game, bike hikes, Mountain climb, a corn roast outing and activities, rain or shine, throughout the summer months. Then there's the ice rink which was whipped into shape providing a couple mornings a week hockey instruction and playing, and evenings and weekends open skating. Thus the 6 to 18 year olds are fairly set when school activities aren't taking up their time.

But, what about the folks in the 19 to 99 age group during the September to May months? Could we create team sports activities - basketball, volleyball, hockey-or individual athletic achievement possibilities - boxing, karate, gymnastics, or physical fitness classes, chess competition, an apple blossom tour, offer a standard first aid course? With the proper direction, these and many, many other activities encompassing all age groups are possible. The best probable approach we see:

"To operate effectively, a director, with committee support, present the most viable circumstance."

Respectfully submitted:
